

**Harmony Division, Sons of Temperance,** Alexandria, have added forty members to their list within the last six weeks; the Division numbers 110 good and true teetotallers, and nine petitions for membership were presented last Monday night. Potomac Division, of Georgetown, also increases rapidly. It is only about three months since this Division was instituted, and it now numbers about one hundred members. Equal Division, of the city, receives weekly additions, and its members are determined not to be outdone in devotion to the cause. Timothy and Chrystal Fount Divisions are doing a fair business, we understand. We think the members of this Order could extend our circulation in their respective cities and neighborhood, and we believe it to be their duty to do so. Attend to it, brothers!

While on this subject, we have a word for the UNITED BROTHERS OF TEMPERANCE. Although in infancy, you are a prominent band in the great cause. You already number about three hundred out-door workmen in this city; and the position you occupy in the cause, gives you a decided advantage over other associations, to place the WASHINGTONIAN on solid ground. We expect your undivided support in advancing total abstinence principles. See to it, brothers; the cause expects every man to do his duty.

**To-morrow afternoon, (Sunday,) the U. Brothers of Temperance,** of this city, will visit Alexandria, and hold a public meeting in that city. The Brothers are requested to meet at the hall of Association No. 1, on C street, at one o'clock, P. M. The Junior Association, recently organized in this city, will meet at the same time and place.

**MILITARY VISITORS.**—The Dauphin Guards, from Harrisburg, Pa., purpose visiting our city next week, on the invitation of the National Blues. They are expected to arrive on Tuesday, and will, should they reach here on that day, visit Fort Washington and Mount Vernon in the steamer Columbia. We are informed that the most ample arrangements have been made by the Blues and others of our military to give them a fitting reception. They will quarter at Fuller's City Hotel.

**SOUTHERN MILITARY VISIT.**—The Northern Volunteers, Capt. Taylor, a company of fine, tall, soldier-like looking men, arrived in New York on Thursday of last week, from S. Carolina, and were received and escorted to their quarters by Capt. Vincent, commanding the Light Guard, and afterwards to Lafayette Hall, where they partook of a sumptuous repast.

**OUR NAVY.**—The following is the total number of vessels efficient for actual service: Gulf of Mexico, 11; Pacific Ocean, 10; Brazil, 3; Coast of Africa, 4; East Indies, 2; Mediterranean, 2; fitting for sea, 7; under examination, 4; making in all 44. The aggregate of guns carried by these vessels is at least 1100.

**ANOTHER ALLY.**

We have received the first number of the "Western Washingtonian, and Sons of Temperance Record," published in Cincinnati, Ohio. It is a neat little sheet, and we wish it success. The Order, whose principles it will advocate, is rapidly advancing in that State; we consider it the duty of members to support and disseminate the doctrine of Total Abstinence throughout the world; and the most effectual way to accomplish this, is to give to the temperance papers in their neighborhood a hearty support. We hold no party can be successful without an organ, through which to disseminate its principles.

**AND ANOTHER!**

We had just put the foregoing notice in type, when we received another new ally, published in Providence, Rhode Island, called "The Pledge." This sheet is published by DANIEL B. DONS, and devoted to the general cause. We extract the following from its columns:

Every person at all acquainted, or observant of matters and things in our city, cannot but be struck with the dreadful and certain issue which awaits many of our young men, from their constant exposure to the use of strong drink. It seems almost a miracle, for a young man of generous and easy disposition, however well educated he may be, whose heart has not been under strict moral culture, to pass on and not be ruined. And in view of this fact, many persons have sent their sons from the city for a time, in order to take them from those deadly influences which surround them here at home.

Dreadful, indeed, must be the state of society, where parents are compelled to expatriate their children, to avoid the snares of the rum-seller. On whom does the responsibility rest for such a state of things? Certainly, on each and every person whose influence is not with the temperance cause.

By an advertisement in the Baltimore Sun, we learn that the surviving Defenders of Baltimore, in 1814, contemplate visiting this city on the 12th September—the anniversary of the battle at North Point. Come along old chaps, we shall be happy to see you; we had the honor of belonging to the 27th, at that time, ourselves.

The New Orleans Picayune, of the 21st inst., states, that Maj. Gen. Lewis, of the First Division of Louisiana militia, responded to the call of the Governor for raising two regiments of infantry and two of riflemen, for service in Texas. The requisition will be complied with, without a resort to draught.

Captain Forno, and company, ninety odd strong, embarked for Texas on the 21st, in the steamship Alabama.

Major Gally's artillery, with shot, cartridges, and field pieces, were ready to move on the 21st. Other commands of volunteers are fast filling up, for the same destination.

## COMMUNICATIONS.

"Commencing streams from pure tea-total Springs."

For the Washingtonian.

MESSRS. EDITORS: I feel well assured that any information on the subject of Temperance, to which you are so ardently devoted, will be well received, and find a ready and wide circulation through your most excellent paper. I will state, for your information and the temperance public generally, that the good and glorious cause of temperance is still on the increase, scores upon scores in this city and neighborhood having recently signed the pledge of Total Abstinence. I have been a strict observer of the rise and progress of this blessed cause, and I am quite sure I speak the truth, when I say that this Heaven-born cause never was in so flourishing a state as at present. No sirs; just let any unprejudiced person examine this cause, and contrast the most flourishing by-gone days with the present; then we had much excitement, and many signed the pledge and run well for a season, but did not hold out to the end of the race; yet we will rejoice that a goodly number have proved faithful—yea, they have borne the burden and heat of the day—the day of trial and persecution. And now this blessed cause is based on a foundation that may not be moved by rum-sellers, rum-drinkers, or wicked men combined; and now we mean to stand on the top of our Temperance "Pisgah," and view the land—the promised land—a land free from the curse of Rum. Let us see how the matter stands. Let us but look over the reports from all parts of Christendom, and even over savage tribes, and hear what report says. Thousands upon thousands, yea, hundreds of thousands of our fellow men are coming up to the standard of duty, and the cry is still they come. Sirs, we have abundant cause to rejoice, and do rejoice; and the prayer of every friend of Temperance should be that this great moral and heavenly movement may roll on, until all mankind shall be gathered under and around the banner—the pure white Banner of Total Abstinence; then indeed shall the glorious day arrive, foretold in the word of the Lord, when the lion and the lamb shall lie down together, and when a young child shall lead them. Why, sirs, just look at home, what has been done, and what is still doing? In Washington city we have three divisions Sons of Temperance, one in Georgetown, and one in Alexandria; and four Associations United Brothers of Temperance in this city, and others about to be established in Alexandria, Georgetown, Tennytown, and other places, with more than three hundred members.

You will allow me here to state, that the United Brothers, and other temperance men and women, held another glorious public temperance meeting at Tennytown last Sabbath. The meeting was large, and most excellent order prevailed, with one or two exceptions. There is, I believe, but one rum-seller in the place, and he, with his wife, who (as we used to say of some people) is a *buster*, attended the meeting, and in this case, as in some others that I have known, the Grey Mare is the better horse. The *Lady Rum-seller*—pardon me, Messrs. Editors, I did not mean any insult to the fair and better portion of God's creatures, when I said lady rum-seller—I only wish to say of this person, that ought to be a lady, that she so far descended from that retired modesty of angel woman, as to be found openly before a large crowd of ladies and gentlemen, at the door of the house of God, disturbing a temperance meeting. Oh! tell it not in Gath—publish it not in the streets of Washington! You will remember, that a few weeks ago this same lady and gentleman had a great blow-out on a Sabbath afternoon, when the son of this *modest lady* had well nigh lost his life, by a stone thrown at him by one of their rum customers. But notwithstanding all this bustle and bluster, it did not deter our champions. The meeting was addressed by the following Brothers, in a manner, and in a spirit that told well for the cause, viz: L. S. Beck, W. Moreland, Mr. Hilton, J. Wilson, and Rev. Mr. Smith; a number of temperance odes and hymns were sung with good effect. In proof of the good done, something like 25 signed the glorious declaration of independence, and the best of it is, that many of them were *lovely women*. The Brothers have appointed another meeting, to take place at 3 o'clock P. M. on Sunday 7th September, to which the United Brothers of Temperance, Sons, and all other temperance men are most cordially invited to attend. It is hoped that at the next meeting the friends of Temperance will come up strong. The members of the Tennytown Total Abstinence Society, and all others wishing to become members, are respectfully invited to meet at the Church in the grove, at 2 o'clock P. M., for the purpose of reorganizing the Society, and for the election of officers for the ensuing year. It is most ardently hoped that the members, and all others feeling an interest in this good cause, will come up to give us their aid.

Yours truly,  
A REFORMED DRUNKARD.

The JUNIOR ASSOCIATION OF U. BROTHERS OF TEMPERANCE, No. 1, will meet on next MONDAY evening, at half-past 7 o'clock, at the Hall of the Northern Liberty Engine House, instead of Saturday, as appointed at the last meeting. This association respectfully invite all young men between the age of 14 and 18, who wish to become members, to hand in their petitions to some of the members.

## MISCELLANEOUS.

"Variety is the spice of life."

A Southern Adonis, no way celebrated for his personal attractions, on completing a somewhat protracted toilet one morning, turned to his servant and inquired:

"How do I look Caesar?"

"Pleasant, massa, 'pleasent,'" was ebony's delighted answer.

"Do you think I'll do, Caesar?" (Giving him a piece of silver.)

"Guy, massa, nebber see you look so fierce in all my life; you look just as bold as a lion."

"Why, what do you know about a lion? you never saw one, Caesar."

"Nebber see a lion, massa! Guy, I see massa Peyton's Jim riding one ober to de mill every day."

"No, you fool, that's a donkey."

"Can't help dat, massa—you look jis like him."

Land near—"Can you see land?" inquired one of a party, who, from birth, had shunned the acquaintance of soap and water.

"Yes, sir-ree," replied a wag, withdrawing his eyes from the encircling horizon, and placing them on the interrogator—"Yes, sir, I see your face."

The animated dirt mizzled.

The rum bottle is the devil's crucible, in which he melts down all the fine gold of man's nature.

The Temperance people of Doylestown, Pa., have organized a stock company—shares five dollars each—to establish a Temperance house in that place. A most excellent move.

A Rich Town.—New Bedford contains 12,000 inhabitants, and its valuation \$12,000,000, being \$1,000 to each man, woman, and child.

An inebriate of Philadelphia, named McNally, on Wednesday, so injured his wife by beating, that she was taken to the hospital, and he then attempted to cut his own throat, in which he was very nearly successful.

A low bred Woman.—One who stays at home, takes care of her children, and never meddles with the business of her neighbors. Species almost extinct.

A sailor being summoned to give testimony before a court, was questioned by the judges as to his religious creed:

"Are you an Episcopalian?"

"No, sir."

"A Catholic?"

"No, sir."

"A Methodist?"

"No, sir."

"What are you, then?"

"I'm captain of the foretop, sir."

BUTCHER KILLED HIMSELF.—A butcher in Fulton Market, New York, on Saturday night about 9 o'clock, was cutting a piece of meat, when his cleaver slipped from the block and glanced into his body, in the lumbar region. He ran for a physician, but before he reached the house, he fell dead. The name of the unfortunate person was John Van Rapp.

The Cleveland Herald, in giving an account of a public execution, states that "hundreds were present in women's clothes." Never was there a more deserved sarcasm.

A man tried to pawn his wife the other day for half a dollar. Mr. Mogeiman told him he had better take her to a junk shop, and sell her for old junk.

Great Mechanical Dexterity.—It is stated of a tailor, named Metzgar, residing in a flourishing inland town of Pennsylvania, that in one day, from sunrise till eight o'clock, P. M. he made eleven pairs of pantaloons, two waistcoats, and a round jacket for a little boy. He was obliged to keep a bowl of ice-water constantly by him to cool his needle in. Decidedly the *fishiest* yet.

The Cincinnati Enquirer says, an old man, aged sixty, on the canal, was knocked down and kicked by a drunken son, against whose evil practices he was remonstrating.

The same paper furnishes the following: SHOCKING.—"Oh God! let me go home to my child!" was the exclamation that rang in our ears night before last on 8th street, in the loud and clear notes of a woman's voice. Some poor creature was in the hands of the watchmen, who had found her wandering in the rain, reeling under the effects of liquor, and unwilling to be conducted to her abandoned home and family. She showed the vestiges of a fine looking woman, and was, as she declared, the mother of three small children. Probably a once happy wife and mother depraved—a husband alienated—a home desolated—children beggared—but how can all this be helped? *the city must have revenue!*

In a manufactory in France, they are now making glass pipes for the conveyance of water, which will cost nearly 30 per cent. less than iron pipes now used, and will bear a far greater external pressure.

The editor of a Buckeye paper has been threatened with a flogging. He very quietly intimates that he may be found up stairs, and that it is "but forty feet to the bottom!"

Daguerre, through whose inventive genius a perfect face is transcribed in a few seconds of time, has discovered a method of making trees only three months old bear fruit.

WOMAN.—A mother, she cherishes and corrects us; a sister, she consults and counsels us; a sweetheart, she coquettes and charms us; a wife, she comforts and confides in us; without her, what would become of us?

A man by the name of Bliss, lately stole a horse in Ohio, and absconded or hid himself. He can't be found. A wag has thus wrote—

"Restless mortal toil for nought,  
Bliss in vain is here sought!"

A KENTUCKY FIGHT.—Game to the last.—A gentleman, whose veracity, if ever doubted, will never again be impeached, lately returned to this city from a tour "out west," tells of a fight he witnessed in the back woods of Kentucky. He says a gang of men had assembled at a drinking house, and a quarrel and fight ensued. So desperate was the conflict, that every man in the party had his eyes gouged out, and when none could see where to strike, they would get down to the floor, feel round till they had found an eye, then replacing it in the socket, would take a squint through it, and "go at it again."

EPISCOPAL CHURCH.—A writer in the New Haven Fountain brings forward evidence to prove, that of the thirty-one manufacturers and venders of intoxicating drinks, in Sandy Hook, and vicinity, Newtown, twenty-one are churchmen, five Universalists, Presbyterians none, Methodists none, Baptists none, ten nowhere in particular. Well may he call, as he does, the attention of the Bishop of the diocese to the subject.—*Am. Tem. Union.*

## LOCAL DOINGS.

CORPORATION OF WASHINGTON.

BOARD OF ALDERMEN, MONDAY, AUGUST 25, 1845.

Mr. ADAMS, the President of the Board, being absent, Mr. BARCLAY, the Vice President, took the chair.

Mr. MAURY presented a communication from Joseph L. Smith, in relation to the establishment of Ward Libraries, and asking for aid from the Corporation; which was read and referred to Messrs. Wilson, Fitzpatrick, and Beck.

A message was received from the Board of Common Council announcing that that Board had passed a resolution authorizing the loan of Ewing's Survey of a portion of the Potomac river to Mr. Von Smidt.

Mr. WILSON, from the committee to which was referred the bill from the Board of Common Council making appropriations to defray the general expenses of the Corporation for the year ending 30th June, 1846, reported the same without amendment.

Mr. MAURY then moved to amend the bill by striking out of the appropriation to the members of the two Boards "\$1,560," and inserting "\$1,100;" and by adding, after the word "dollars," the words "provided that not more than \$40 shall be paid to any member."

And the question being taken by yeas and nays, it was decided in the negative, as follows:

YEAS—Messrs. Magruder, Barclay, Orme, Lenox, and Maury—5.

NAYES—Messrs. Wilson, Beck, Byington, Fitzpatrick, Thornly, and Dove—6.

Mr. Orme moved to amend the bill by striking out "\$200," and inserting "\$500," as compensation to the Commissioner of the Third Ward.

Which was decided in the negative, by yeas and nays, as follows:

YEAS—Messrs. Orme and Beck—2.

NAYES—Messrs. Magruder, Barclay, Wilson, Lenox, Maury, Byington, Fitzpatrick, Thornly, and Dove—9.

The resolution from the Board of Common Council authorizing the loan of Ewing's Survey of a portion of the Potomac river to Mr. Von Smidt, was taken up, read twice, and referred to Messrs. Magruder, Byington, and Fitzpatrick.

Mr. LENOX introduced "An act for the protection of avenues, streets, lanes, and alleys undergoing improvement;" which was read three times and passed.

Mr. LENOX, from the committee to which was referred the bill "to prohibit the use of steam-engines on the Washington Branch of the Baltimore and Ohio Railroad within the limits of the city of Washington, and for other purposes," made a report thereon, concluding with the following resolution:

Resolved, &c., That the Mayor be and he is hereby requested to open a correspondence with the Directors of the Washington Branch of the Baltimore and Ohio Railroad Company, upon the subject of a reduction of the present rate of fare and freight upon such branch; and report the same to the two Boards.

Which resolution was twice read, and on motion of Mr. FITZPATRICK, amended by inserting the words "and for the removal of their Depot from Pennsylvania avenue to some more suitable location upon the line of the present road."

Mr. WILSON, from the minority of the said committee, then gave notice that he would on Monday next submit to the Board a counter report.

And the resolution was then, on motion, ordered to lie on the table.

Mr. FITZPATRICK, from the Committee on Unfinished Business, reported a bill for grading and graveling Vermont avenue from H to I streets, in the First Ward; which was twice read and referred to the Committee on Improvements.

Mr. WILSON introduced "An act to increase the salaries of the Commissioners of the First and Second Wards;" which was twice read, and referred to Messrs. Fitzpatrick, Magruder, and Thornly.

Mr. LENOX, from the Committee on the Canal, reported a bill authorizing the appointment of two Commissioners of the Washington Canal; which was twice read, and ordered to lie on the table.

And then the Board adjourned.

BOARD OF COMMON COUNCIL.

A communication was received from the Mayor, in reply to the resolution of this Board of last Monday, requesting the number of free negroes' bonds, &c.; which was read and referred to the Committee on Police.

Mr. FRENCH, on leave, introduced a joint resolution authorizing the loan of Ewing's Survey of a portion of the Potomac river to Mr. Von Smidt; which was read three times and passed.

Mr. HALIDAY, on leave, introduced a bill entitled "An act to divide the city of Washington into seven wards, and for other purposes;" which was read twice, and, on motion, referred to a Select Committee, consisting of Messrs. Haliday, Davis, Burch, Brady, Jones, and Cull.

Mr. TOWNS submitted the following resolution, which was read and adopted:

Resolved, That the Mayor be directed to request Lieut. Humphreys, the officer appointed by the President of the United States to complete the grade of the city, to re-examine the grade of 9th street west, at its intersection with N and O streets north, and procure his opinion on the propriety of altering the present grade so that the water may fall from N to O street, instead of from O to N street; and that the Mayor be requested to report the result of the examination to this Board on Monday next, if practicable.

After the consideration of some unimportant business the Board adjourned.

TEMPERANCE.

We understand a meeting was held last Sunday at Custia school-house, and twenty names appended to the pledge. We have not learned the names of those who officiated at this meeting.

The meeting at Tennytown last Sunday was well attended. Brother Beck, and others of the United Brothers of Temperance, attended this meeting. About twenty signatures, we understand, were obtained. The friends of order in Tennytown, and surrounding country, are in the right spirit, and doing much good. Truth must prevail.

The public meeting of the Navy Yard Brothers of Temperance, held at the Ebenezer church, last Monday evening, was together a large audience. The addresses were excellent, and the audience were attentive, and highly pleased. Eighteen signed the pledge.

On Monday evening an interesting meeting was held at the corner of 6th and G streets. A large and respectable audience attended this meeting. The Temperance Car was on the ground, from which Messrs. Savage, Cammack, and Thompson addressed the audience. 10 signed the pledge.

The Tuesday night meeting was held in the open space opposite the Centre market-house, at which addresses were made by the above named gentlemen. Several signers were obtained.

A meeting was held in Georgetown, opposite the Monastery, last Tuesday night. A large assemblage were present. Addresses were made by Messrs. Burns, McNair, and Hackney—50 signed the pledge. On next Tuesday evening another meeting will be held at the same place—seats provided for the ladies.

The meeting appointed to be held Wednesday night, on the Capitol Hill, was postponed on account of the weather.
